

Introduction to Wine

About Atlanta Wine School

Devoted to understanding and appreciating wine in Atlanta, Atlanta Wine School seeks to address the quest for wine knowledge within the consumer market, and simultaneously foster a collaborative spirit among all those persons who have wine knowledge to share. More information on the organization is forthcoming at <http://www.atlantawineschool.com>

About the Executive Director

Michael Bryan founded Connect With Wine nearly two years ago in response to a desire to stand directly in a life passion. After addressing an aggregate of thousands on the subject of wine, it became clear the market needed a professional center for wine appreciation and education. Bryan's experience in leading three companies, matched with his formal training within SWE and WSET, will cultivate a learning center devoted to educating Atlantans.

Introduction to Wine is the flagship class of The Atlanta Wine School. This six-week diploma course will provide a firm foundation on history, knowledge of grapes and grape growing, wine-making, global production areas, systematic tasting processes, the ability to identify and decipher tasting descriptors, as well as a host of other topics. Each class will include a tasting of five wines, typically tied to the region of discussion.
